

meySPAN13 H3V

H3 CORE TREATED LVL

LEGAL | SUSTAINABLE | COMPLIANT

Core-treated performance for outdoor structural applications.

meySPAN H3V is a high-performance core-treated LVL developed for exposed, above-ground environments. With H3 treatment in every veneer, meySPAN H3V delivers full-depth protection against decay and termites, meaning no need to retreat cut ends on-site, although end sealing is always recommended.

Available in smaller, easy-to-handle pack sizes designed for merchant racking. Reliable, straight, and built for demanding conditions, meySPAN H3V sets a new benchmark for outdoor structural LVL.

- **H3 Core Treated:** Full-depth treatment in every veneer for consistent protection.
- **Cut Ends:** No Retreatment required. End Sealing Recommended.
- **Smaller Pack Sizes:** Easier handling, safer lifting, and simpler storage.
- **Weather Shield+ Coating:** Added moisture, mould, and UV resistance.
- **Stable & Straight:** Reduced warping, twisting, and bowing over time.
- **Outdoor Structural Ready:** Suited to deck bearers and joists, veranda beams, and other external applications

Why Choose meySPAN H3V?

H3 Core Treated: Every veneer layer is treated for consistent, full-depth protection.

Cut Ends: No Retreatment required. End Sealing Recommended.

Smaller Pack Sizes: Easier handling, safer lifting, and efficient storage in merchant racks.

Weather Shield+ Coating: Moisture-resistant, anti-mould, and UV-protected for extended durability.

Stable & Straight: Minimises warping, twisting, bowing, and movement over time.

Outdoor Structural Ready: Ideal for deck bearers and joists, veranda beams, rafters, and other above-ground external applications.

STOCKIST RACK RANGE

	SIZE	PACK QUANTITY	LENGTH SPEC (M)
